

O

ur mission, is to create a Site that will encourage all Musicians, young or old, novice or Pro, to learn new songs. Our goal is to make it an easy process to learn a new song , by providing you with a clean and simple Fake Sheet and a mp3 that is an exact transcription of the Fake Sheet.

This is what is so **unique** about our site. When you download the PDF and print it, you will be able to follow the lead sheet when you are listening to the MP3, because the MP3 and the Fakesheet are exactly, note for note. I have to stress to you, that the mp3, is not the original works, it is the result of the Audio outs of my keyboard.

Now if the original fakesheet is in a comfortable key for you, great !!!! But what if you would like to have it in a key with no sharps or flats, well you can !!!!! If the original song is not in the key of C or Am (no sharps or flats), I will provide a second PDF, in C or Am.

Now, you are able to see how the Fake Sheet looks like, and by following the mp3 with the Fake Sheet, you will see the Chord changes, you will see that 7th Chord in the 8th measure that just makes the perfect hook to the 9th measure.....Play back the mp3 and practice the melody line till you can play it from memory...

W

e encourage and highly recomend that you, support your favourite Artist, by purchasing their cd's, dvd's, etc.... Our goal is to make it easier for you, to learn their songs and not to compete with their products.....So , Please continue to support them

Basically, each album will consist of:

- An Artist(s) Picture and some history on them.
- A MP3 of each Song(s) which is " note for note " from the Fake Sheet.

- And each song will have a Fakesheet(s) with original transcription (PDF) , if the original transcription is in a key other than the "Key of C", I will provide another Fakesheet in the " Key of C "....
- I have provided some examples of what you can expect to get, when you join our Site. At the top of the page is a tab marked "Examples".. I will change it regularly, to give you some variety.
- Everyone will be able to hear the MP3, through our Media Player, but only Registered Members will be allowed to download the MP3 and FakeSheets (PDF) .
